Mobile: 09667493999

Email: bilclinthd@gmail.com

Objective

As a Bachelor of Science in Computer Science student, I am eager to apply my academic knowledge in a real-world setting through On the Job Training. I am enthusiastic about gaining hands-on experience in software development, data analysis, and IT support while contributing to your company’s success. With a good foundation in programming, problem-solving, and technical skills, I am ready to tackle challenging projects and collaborate with your team. I am committed to learning industry best practices, adapting to new technologies, and delivering value to your organization. Through this opportunity, I aim to enhance my expertise and grow in the tech field.
